Step-by-Step Training Guide

From choosing a course to tracking your admissions review

1. Explore courses and fees

Visit the Courses page to compare training areas and confirmed 2026 special fees. The registration fee is R250. Plumbing and Electrical details are awaiting confirmation.

2. Check the training calendar

Course durations are listed on the Calendar page. Intake, class and exam dates must be confirmed with admissions before you make travel or payment arrangements.

3. Create your learner account

Open Apply now, then sign in or register. Your account keeps your application and admissions feedback together.

4. Submit your application

Choose a training area and provide your full name, phone number and any supporting information. An application is a request for review, not confirmed enrolment.

5. Track the staff review

Open My account to see whether your application is submitted, under review, accepted or declined, together with staff feedback.

6. Confirm the next steps

Admissions will confirm dates, entry requirements, supporting documents and enrolment arrangements. The website does not collect payment.

Need help?

Use the Speak to a consultant button on the website, call 051 880 0032 or email info@bolleacademy.co.za.
